

## **Vimy Legion Stammtisch presented to HMCS Prevost Wardroom**

On Friday the 13<sup>th</sup> of Oct 2017 Vimy Legion presented a solid oak Stammtisch to the Wardroom in HMCS Prevost to thank the Mess for accepting our members and giving them a welcoming home after the closure of the WBOM.

Stammtish tables originated in Germany and the word actually means regular. We are certain that all Mess members will enjoy some cold drink standing at the Stammtisch as they resolve the problems of the world!

The table was designed and constructed out of a 150 year old Huron County oak tree by Vimy Members Bob and Dayle Waring.
